IN ADDITION, over the last several months, asylum seekers have been arriving in New York City from the Southern Border without any immediate plans for Shelter. These asylum seekers have been sent on charter buses to New York City by other States, municipalities and non-governmental associations, when these entities know or should have reason to know that they have arrived from other countries since March of 2022. Dozens of charter buses arrive in New York City each week, often over night or over the weekend, often with no advance notice as to the number of individuals, the number of families or needs of the families, and with the knowledge that these individuals will require emergency shelters and other immediate services from the cities and counties where they are transported. The unannounced arrival of these charter buses containing large numbers of individuals in need of emergency shelters and other immediate services who will disembark in Albany County without a plan for care or housing will impair the ability of the County to efficiently and effectively manage the ongoing State of Emergency. Therefore, by virtue of the Authority vested in me by Section 24 of Article 2-B of the Executive Law to issue any emergency order during a disaster emergency necessary to protect life and property or to bring the emergency situation under control, I hereby Order the following:

Coordination with Transporters of Migrants and/or Asylum Seekers

H. Any operator of any licensed or unlicensed chartered transportation service who knows or reasonably should know that such transportation service will be transporting ten or more passengers who are likely to seek emergency shelter and other immediate services in the County of Albany must comply with the requirements set forth in this Emergency Order. There shall be a presumption that the passengers who have arrived recently in the United States are likely to seek emergency shelter and other immediate services. The determination that an operator knows or reasonably should know that they are providing transportation that makes them subject to this Order will be based upon the totality of the circumstances, including but not limited to: whether the passengers' fares were paid for by a third party; the identity of such third party; any conditions that such third party paying for transportation imposed on the operator or transporter, whether the passengers' travel arrangements included return travel; whether the bus is coming from a state from which a substantial number of charter buses or other means of transportation, including but not limited to airplane, have arrived carrying people seeking emergency shelter and other immediate services in the County of Albany in the last 60 days; and any other indicia that the passengers are likely to seek emergency shelter and other immediate services in the County of Albany.

- (1) **Notification:** Any such transporter or operator must provide notice of the anticipated date and time of the arrival of the migrants and/or asylum seekers in Albany County and the information required by paragraph (2) of this section to the Director of Operations (the "Director") of Albany County or their designee by emailing said Director at least three (3) days in advance of such anticipated date and time of arrival, except as provided in paragraph (5) of this section.
- (2) **Information Required:** Any such transporter or operator must provide a manifest of its passengers to the Director at least three (3) days in advance of the anticipated date and time of arrival of the migrants and/or asylum seekers in Albany County or upon departure from the transporter's point of origin, whichever is later. Unless prior approval has been requested and obtained through the exemption process set forth in paragraph (5) of this section, the manifest shall include:
 - (a) The number of passengers on each bus or other means of transportation who arrived in the United States within the previous 90 days and, if the operator has relevant information, the number of such passengers that are likely to seek emergency shelter and other immediate services in Albany County, including vaccinations and Social Services;
 - (b) The number of such passengers who are single adults traveling alone, and the number of such passengers who are members of a family, including specifying separately the number of families with children;
 - (c) The number of such passengers who are children;
 - (d) The vehicle operator's name; and,
 - (e) Identification of the means of transportation, and description of the vehicle, including for motor vehicles, color, license plate number and any logos to assist in identification.

(3) **Timing of Drop-Offs:** An Operator of a charter bus must direct the bus driver to drop off passengers in Albany County only between the hours of 8:30 AM to 12:00 PM Monday through Friday, unless prior approval for drop off at a different time

(4) **Location Drop Offs:** Drop off locations shall be provided to the Charter Transportation Service by the Director of Operations.

(5) **Request for Exemption:** (a) An Exemption to the requirements set forth in Paragraphs (H) (1) (2) (3) or (4) of this section may be granted in accordance with this paragraph. To request an exemption, a transporter or operator must email the Director at migranttransportnotice@albanycountyny.gov, no later than 72 hours prior to the anticipated date and time of arrival in Albany County. Such request for an exemption must set forth: the reasons the exemption is requested; where applicable, a list of any type of manifest information listed in paragraph (2) that such transporter or operator is able to provide; where applicable the requested date and time of arrival that is outside the allowable hours set forth in paragraph (3); and where applicable, the proposed alternate location other than the location in paragraph (4).

(b) Any such request for an exemption shall be granted where the Director determines, in the Director's discretion either: (a) that granting such exemption would not substantially impair the City's to manage the ongoing emergency effectively and efficiently; or (b) that, based upon the particular and unusual circumstances presented there is no other reasonable alternative, with respect to the details of arrival, to the actions proposed to be taken by the operator. Where appropriate, the Director may grant or deny an exemption in part, and, consistent with the standard set forth in the preceding sentence, may obtain the agreement of the operator to alternative requirements, in lieu of those being waived, as conditions to the exemption where such requirements further public health and safety.

(c) The Director shall accept and may approve, applications for exemptions upon less than 72 hours' notice consistent with the standards in this paragraph where such applications additionally demonstrate exigent circumstances that prevent providing the full notice, and that the maximum feasible notice has been provided consistent with such circumstances.

- I. For purposes of this Emergency Order, the terms "Transporter" and/or "Operator" shall be used to mean each owner, lessee or person in control of a vehicle or other method of transport, who contracts or otherwise accepts payment to transport passengers to any location within the County of Albany, and any agent acting at their direction. In addition, "Transporter" and/or "Operator" shall be deemed to include any intermediary or federally authorized motor carrier facilitating the transportation of passengers to the County of Albany. The terms "Transporter" and/or "Operator" may be used alone or together and shall have the same meaning whenever used.
- J. Pursuant to New York Executive Law Section 24(5), any person who knowingly violates this Order is guilty of a Class B misdemeanor.

K. Effective Date.

1. This Emergency Order shall take effect immediately.

L. Duration of Local Emergency Order.

1. The Local Emergency Order shall remain in effect for five days unless sooner modified, extended, or revoked, and may be extended for additional periods not to exceed five days during the pendency of the local state of emergency.

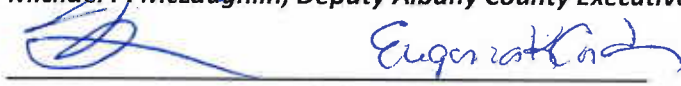

This order shall take effect September 12, 2024, and shall remain in effect until removed by order of the Chief Executive. This order may also be renewed in (5) five-day increments. Failure to obey this order is a criminal offense, punishable by law under New York State Executive Law § 24(5).
