NYS-Licensed Design Professionals for Onsite Wastewater Treatment System (OWTS) Design and Investigation Near Albany County

In accordance with the NYS Department of Education and NYSDOH Fact Sheet #1, site evaluation and design of an OWTS falls within the scope of a professional engineer (PE) or registered architect (RA). In an effort to assist with searching for a qualified designer, local individuals or companies are listed below. The Albany County Department of Health does not endorse any specific design professionals and recommends finding a design professional who works best with you to meet your system needs.
